

MEETING SUMMARY FOR THE BORREGO WATER COALITION Thursday, June 2, 2016

Those present discussed the following issues and updates:

1. Acknowledged new representatives as a result of a change in ownership of a member property.
2. Discussed and updated information on an article outlining water savings by various members.
3. Reviewed additional groundwater monitoring approaches available under Sustainable Groundwater Management Act (SGMA).
4. Discussed various grant opportunities to fund aspects of SGMA.
5. Continued the discussion of the prospect of converting current water credits into a marketable credit under SGMA.
